

BlackBerry® Curve™ 8310 smartphone

With GPS to get you where you need to go

The BlackBerry® Curve™ 8310 is available with or without pre-installed Telmap Navigator.

Designed for...

Business customers looking for a lightweight QWERTY device for quick and easy data entry, an integrated camera as well as a device to make and receive calls and for navigation.

A bit more detail...

- Inbuilt GPS and BlackBerry® Maps™ gives you an international route planning service. Use the GPS to find your current location and then get a route plan to any address
- Premium smartphone package is available at an extra charge with pre-installed satellite navigation. This great out of the box experience includes a 24 month subscription for Telmap Navigator including:
 - Turn by turn voice instructions
 - 3D moving maps with clear accurately timed voice instructions
 - Integration with your smartphone address book so you can navigate directly to your contact
- 2 megapixel camera with flash and x5 zoom
- Smaller than BlackBerry® 8800 smartphone, larger than BlackBerry® Pearl™ smartphone
- Great converged device – sleek and lightweight design
- Quad-band handheld, operates on 850/900/1800/1900 MHz GSM/GPRS/EDGE wireless networks, allowing for international roaming between North America, Europe and Asia Pacific
- Full QWERTY keyboard for fast data entry and messaging
- Stereo Bluetooth® support and built-in speakerphone for hands-free operation.

A few great reasons to choose the BlackBerry® Curve™

- Small and light but with a great size screen for easy viewing
- High resolution, light-sensing screen – optimises LCD screen lighting levels automatically for ideal indoor and outdoor viewing
- Great multimedia experience – a full screen mode for playing back videos, 3.5mm industry standard audio jack
- Spell checker to help keep your messages professional
- Enables you to work anytime anywhere¹
- This all-in-one device makes life easy with push email, browsing, applications, text and voice. Gets you where you need to go.

¹Subject to network availability.

The BlackBerry® Curve™ is available with both our BlackBerry® Enterprise Solution and BlackBerry® Internet Service.

BlackBerry® Enterprise Solution

Get secure and easy access to your business email, calendar, tasks, contacts, company data, Intranet and the Internet. The 'always connected'¹ device that integrates with your existing systems via the BlackBerry® Enterprise Server.

BlackBerry® Internet Solution

Integrate up to 10 email accounts directly with your BlackBerry® smartphone. Get access to your Internet Service Provider (ISP) emails such as Yahoo® and BT® Broadband. Also integrates with email accounts that allow email forwarding and company Microsoft® Exchange or Lotus Domino® email accounts that allow access via a web browser.
